Try redownloading it:

http://download.renguard.com/standalone_cp1.zip

Do you got an edited strings.tdb? Check in-game and press "J". Do this when you are Nod and if you see Stealth Black Hand then the strings are edited, manually download the scripts.dll and bhs.dll here:

<http://prdownloads.sourceforge.net/rentools/scripts213.zip?d=download>
