How do I get dust out frome under the screen on my SP?

It isent hurting anything but it is realy annoying...

idjit

ps:dont ask how it got their I dont know...

take it apart and clean it.
http://www.overclockers.com/tips1084/

ps. how did it get there?

A no-risk way would be appriciated...

Like mabe somwhere I could pay to do it?

get a new one that looks like the one you have, wait a day or so and return the one with dust...
Make sure store will give you $ back and not store credit.
