Quote:run two instances of WOLSPY?

As he said, install wolspy twice set them up for each server and run both .exe'

And you'll have WS on btoh your servers

it does work

it was more of a "isnt that ovious??"

Use a different GameSpy port (the default port is 25300, change it to something different, like 25325). Make sure you do this in both the FDS and WOLSpy config.

Server One "1)" and Server Two "2)" example configs:

Install WOLSpy.
1) Copy WOLSpy to the C:\Westwood\Sniper\ directory
2) Copy WOLSpy to the C:\Westwood\AOW\ directory

---

1) Edit C:\Westwood\Sniper\WOLSpy\irunin.ini and match the
following lines to where the server is actually installed:
ConfigFile=C:\Westwood\Sniper\WOLSpy\irunin.dat
LanguageFile=C:\Westwood\Sniper\WOLSpy\irunin.lng
ImageFile=C:\Westwood\Sniper\WOLSpy\irunin.bmp

2) Edit C:\Westwood\AOW\WOLSpy\irunin.ini and match the
following lines to where the server is actually installed:
ConfigFile=C:\Westwood\AOW\WOLSpy\irunin.dat
LanguageFile=C:\Westwood\AOW\WOLSpy\irunin.lng
ImageFile=C:\Westwood\AOW\WOLSpy\irunin.bmp

1) Edit C:\Westwood\Sniper\WOLSpy\wolspy.ini
RenPath=C:\Westwood\Sniper\Server
RenPort=4000
AdminIP=127.0.0.1
AdminPort=2000
AdminPassword=password
AdminLocalPort=8000
GameSpyQueryPort=25300

2) Edit C:\Westwood\AOW\WOLSpy\wolspy.ini
RenPath=C:\Westwood\AOW\Server
RenPort=4001
AdminIP=127.0.0.1
AdminPort=2001
AdminPassword=password
AdminLocalPort=8001
GameSpyQueryPort=25301

Make sure that you set the GameSpyGamePort and GameSpyQueryPort
to zero in the server configs, and set a static Port for example:
1) SniperServer:
Port = 4000
GameSpyGamePort = 0
GameSpyQueryPort = 0
RemoteAdminPort = 2000

2) AOWServer:
Port = 4001
GameSpyGamePort = 0
GameSpyQueryPort = 0
RemoteAdminPort = 2001

Unblock ports in firewall:

1) 4000 UDP (game port server 1)
1) 25300 UDP (query port server 1)

2) 4001 UDP (game port server 2)
2) 25301 UDP (query port server 2)

your welcome asshole

I had no problem(s) with you once you went away till I recieved logs of you talking out your ass
and calling me childish immature names unprovoked for no reason what so ever.

and you just did what you say I did, so would you call this being childish an immature, YEP.

Anyway like I said thanks.
