Give 'em the axe. It's not as if he's new and inexperienced, he registered more than a year and a half ago...ought to know better by now.

Make the spammer go bye-bye.

Their topics either need to be deleted or moved. A ban may be over the top but at the rate of their stupid threads showing up my opinion is changing.

I think a ban is over-the-top. This problem can be confronted another way.

How about we remove the general discussion forum? The only thing that really ever gets discussed is who should be banned from it.

Could someone please explain me, why only warning him? He is intentionally spamming the forums, trying to screw up the general discussion.

He isn't just some dumb guy who makes one stupid post, thinking it's a bit smarter. Or a guy who try's to show e-penis by flaming/ discussing topics. He has posted multiple threads, with only one purpose and that is screwing up the forums. He has no real purpose and can join the other people like the old fatazz.

Tell me, why should someone be banned for posting four shit threads in the General Discussion forum while some here have already done far worse and are still here today? I mean Renardin's still here, no?

(EDIT: Technically he's making fun of those newbies who are making posts about Renegade just because (and I'm assuming it's the reason) the forums are inactive.)

No one ever gets banned from this forum unless they directly insult Crimson or Blazer.
