when i start the game i go to advanced game listings then the requesting servers bit comes up then it times out. Any help would be good. Ive reinstalled renegades but does the same thing. And i know others are playing cause i can hear them on teamspeak.
Cheers for any help.

XWIS is down. See the post about it here:

You will need to use GameSpy or The All Seeing Eye, or Direct Connect until it is fixed. We don't know when that will be.
