if u can, can u please help every time i go to play renegade i get rengaurd but it says

[16:48] Unauthorized file game2.exe has been found in your renegade directory
[16:48] Bad/Corrupted file data\always.dbs has been found in your renegade directory
[16:48] Disconnected from RenGuard network

i just installed renegade and rengaurd after i reformated my computer so i dont kno what it is
except the game its self.

Yeah, though i am not totally sure this is the problem here is the link. If you dont have maps like
city_flying.mix in your data folder you will need to install the patch.
