Features Exdeath, Nightcrawler, Renardin Mk 2 with tiberium "makeup", Titan, and Sloth

vitaminous1: Great, now get them to woohoo.

If you're so inclined I guess I can give them to whoever asks.

Somebody's going to say "omg you're obsessed" or "Get a life" or "wow you must be bored" etc etc; I'm at my fiancee's house, we were rather bored, I am obsessed with her, and we felt like being creative. She just got me Sims 2 for Christmas.

Titan looks like he'd be a good guy to get along with in reality. I just wish he wouldn't act so damn stupid online.

Yeah, and he's got a cute kid too. Me and Sammy want our future kids to dress like cats for Halloween.

I'm going to do Idebo next since he asked...

Right now Nightcrawler is sick and lounging around because T. Bone from my ultra-ghetto family got him sick with the flu or something. Pics later today.

How do you do that? I know nothing about Sims.

Just so you know who is in my awesome neighborhood. Oh, and let me thank everybody for not just turning this into a flamefest as Cypher assured me you all would! Seriously, nobody's taking this the wrong way.

These people live at a jail that was inspired by the one in the movie The Last Castle. A good movie by the way. You can probably find it cheap on DVD. Kinda stereotypical but the black guy

really did die first.

Reborn hasn't met them yet. Except that guy in the sweater, who stole their paper right when they moved in and ran off before they could talk to him.

Nightcrawler and Exdeath were the first ones I made since their pictures were readily available. Exdeath got some biggish earrings because the smaller ones I had were only for girls. They were combined into the household with the others later.

I was trying to make Tiberiansun29 but I couldn't get my hands on a graduation outfit (robe and mortarboard hat) and that's what he had in the picture I was going by.

My ultra-ghetto family, who live across from a white supremacist family. They steal each other's newspapers and stuff. Run up and argue, shove, fight, etc. The girl was taken away by the DSS yesterday though. Whoops. The random crazy guy who obviously isn't really part of the family.. I dunno where he came from. Just felt like it'd be funny to throw him in.

These guys are a bunch of assholes. They fight with each other and everybody else. The wife is a Barbie doll basically. VenomPawz made her.

Made him last year. He's a fruity Nod soldier who lives up on a hill. If you've played MGS3, think Raikov.

Sloth (had trouble with his jaw), Renardin (hair color trouble), and Titan.

Exdeath is talking to Titan about banhammering me or something in this shot.

"Send T.Bone to jail for making me sick"

Something about an award. And a clock or something.

Edit: Muffins, you have to play with the faces and features until they're how you want them. I'll post a picture of that later if you want.

I asked if we should make the "girl" but he said people would probably fap to it. I also asked if we should make the little girl but he didn't know if Titan would want that or not.
