http://www.cncrenegade.info/modules.php?name=Content&pa=showpage&pid=23&page=4The last four at bottom are the newest additions.They're the ore mines, from Red Alert. Each ore field has an ore mine in it... Each ore mine is a tunnel network.The Ridges map I designed happens to have an underground river flowing through the mine area... With a mining cart still attached to the rails under the water.
