Hmmm... It might be possible using spawners if you could somehow figure out what script the harvester uses... You would have a new harvester spawn at the refinery unless you set it not to, and if not, you would want to make it very strong so people would have a tough time blowing it up.

---

need refer without weap factory, how do I get the Harvey to spawn/respawn without a airstrip/weap factory and how to make spawner dependant on building being alive/destroyed. want

---

to make map with just BRX/Refer and PP for GDI and HON/Refer and PP for Nod. (Infantry only map) do I need to put the Air/Weap Building controllers in the ground?????? for the harvey stuff to work?????or just make a Harvey Spawner? (would need some help with how to make a spawner dependant)
