Download either of these depending on which language game you have and replace your existing always.dbs.

[ENGLISH] <http://www.game-maps.net/index.php?action=file&id=416>

BandTest.dll. mean help me
Your bandtest.dll is broken...you might have installed SK's bandtest fix on a client or simply have
a corrupt bandtest. Either way, reinstall Ren and it should go away just like that.

BandTest.dll. mean help me

Download this and replace yours with it, it goes into the main Renegade folder.
