Yes, buy a new cd and upload it.

You should then be able to download it.

I suggest one of two things.

1.)Buy a new CD

2.)Look for your old CD

You can get a copy off amazon.com for around 10 dollars USD. I just recently bought a new copy because I lost my CD aswell.

I would think the obvious answer would be to buy a new one...

Yeah I'd say to torrent it. It's not like he'd be pirating it if he has the serial still.
