It's part of the SSAOW package. You need to change the options in server2.ini or ssaow.ini in the Renegade/FDS Directory

What he REALLY meant was...In a friend's server, I noticed that if you picked up a Stealth Suit crate, your vehicle(if you have one) also becomes Stealthed the moment you step in to it. Is there a way to toggle this on and off, as this doesn't happen in either of our servers, despite the fact we run NightRegulator.

Also, is there a way to increase or decrease the amount of time it takes to spawn a new crate on any given map?

Just in case anyone was completely baffled like I was when I first read this post.

Under the crates section there will be called something along the lines of stealth. Change the number and make sure the rest add up to 100
