And you'll need a valid Renegade serial to play.

So u are asking: give me the game, give me a no cd crack ow and hwile u're at it, give me your serial. Moreover, you say it in a way that shows you got a huge ego and don't care at all for anything or anyone.

The game costs around 5-10 € GO BUY IT.

Download it, torrents from dfgdsg.com and just download using bit lord or something, the one i got (from *****.net (the correct people will know (i got it from there because it was the only place i knew were to get it, that's all i got. I'm not one to *****)) came with a no-cd crack and a keygen that is no-longer valid since they won't work with xwis, but it's worth a try.
