And this is important why? Don't try to push liberal propaganda out of this it was an accident and they happen.

When I read this, all I kept thinking of was that scene from "Wedding Crashers" when they are out hunting.

Conspiracy time!

I wonder what government secret the "friend" of Cheney was going to spill that he had to be dealt with the ol' "Hunting Accident" way.

Successful attempt or not...

It's not a conspiracy, it was just a misunderstanding. Cheney had the sun in his eyes and thought the guy was a reporter. Remember, it's always about the press!

(Note: I'm referring to the white house press asking why they weren't told immediately.)

the latest I read was that the Dr's decided to leave some of the bird shot in him instead of digging it all out.. Just imagine what a party conversation that's going to be in the future.

If this happened to any other people, it would have had a 1 paragraph article in the local paper. That's all. All this sensationalist bullshit makes me sick.

I'm sure you'd find it astonishingly comical if somebody shot you in the heart.
