Read this before you post on the forums or ask in IRC or Yahoo or MSN or AIM or ICQ.

If you are having problems with the default keys for SSAOW conflicting with keys you already have setup for something else, read this thread:

<http://www.renegadeforums.com/index.php?t=msg&th=18827&start=0&rid=40>

If you download the map zip files from inside RenGuard (in the web window) and they fail to unzip, read this thread:

<http://www.renegadeforums.com/index.php?t=msg&th=18835&start=0&rid=40>

If the Core Patch downloader starts and then gives you an error about missing files (or "old file not found" or similar), read this thread:
