Might be a problem by removing the german always.dbs while patching the game from CP1 to CP2.

I have it in german all the way. You can get the german DBS file here=
http://download.renguard.com/always_dbs_german.zip

Corepatch 2 is buggy...

In other ways, remove ANY strings.tdb you will find in your DATA dir, this often is crappy shit and comes with many Mappacks.

EA Damage Everything lol, I have a sigbar for you

I use it to link off to an Anti-EA club you can join. http://anti-ea-club.1up.com

If you can't use the sigbar here maybe there is somewhere else you can.

Lol I know, its just his name is "EA Damage Everything". So I thought I would be kind to hook him up with a sweet sigbar designed just for him....

Which nobody thanks me for

Sorry for not being on topic at all...(shhhhhh)

edit: i hope you found your solution hocer
