Download "book tutorial.zip" from <http://dante.havocide.com/modX> --> Tutorials ---> book tutorial.zip
Author: Chompy
Object: To teach people how to use basic FFD (Free Form Deformation), and compound objects
Required Knowledge: Basic knowledge of creating boxes within Gmax
How to move objects around
Basic understanding of how Gmax works
Why this is needed:
1. So you can place an object inside another object and make a hole from this object.
2. To deform any object by adding a FDD to it
