Oh by the way can you post a screenshot of these? I know they're small sized files but I can't be assed to install and uninstall them if necessary.

When I saw the word "buy," I lost interest. "Free" would have been better. I'll stick to my own cross-hairs, for now.

Free trial that you never uninstall, smart one. That's what I've done.

Yeah, give us some screenshots of these textures.

I can't be bothered downloading, but I hope the original author is given credit somewhere in the file.

You have no idea how much better the .rar format is compared to .zip. If you want to be satisfied, get Winrar.

I prefer insane (JK).

Actually, there really is not a word for... whatever I am. I am one of the only humans I can think of who does not like sin, or anything else immoral. I cannot remember typing anything worse than 'hell' (After all, it is a place. I do not like my house either, but I cannot simply deny its existence). [

PS: Oh, yeah, we're off-topic, I think. Does anyone care? A lot of these topics suck until we stray off of them.

Whether you know this or not, you're still sinning everyday. You can't say you're under an extremely small category of humans who don't like to sin. A lot of us don't like sinning, but we are just, sinners. that includes you.

...uh, thanks? Anyway, what I meant by 'dislike' was that my 'friends' often make fun of me because I don't do anything that they think is normal (drinking, smoking, swearing, ...that*, talking about ...that).

(* I am 17. Not the age I believe ...that was intended for.)

PPPS: Cool sig. Did you draw it?

How did a skin topic turn into sin talk.

Back on topic. Are you going to give the real creators of those skins credit? According to CNCDen, dodmatrix made the Apc bunny, SnoopSebb made the pt one, and Tolken made the hotwire.

Not cool...
