Is it possible to make the turrets of tanks and weapon emplacements make a noise when they rotate there turret? I am wondering this becuae, after exploring level edit vehicle sounds, that many vehicles have turret noises, which is a sound made when the turret turns. Is it possible to make the noise when turning a turret?

Yes, Ra2Ven_TurretSound and Ra2Ven_TurretSoundObj. Check the scripts 2.6 Readme8.txt for more details.
