If someone join my Server:

Our Server:

[12:42:45] <@BRBot> Player Euan-Bazooka joined the game

[12:42:46] <@BRBot> Allow CMD Sent.

[12:42:46] <@BRBot> Host: [BR] Euan-Bazooka is now allowed to return to the server.

[12:42:58] <@BRBot> Player Euan-Bazooka left the game

[12:42:58] <@BRBot> Euan-Bazooka was kicked

And in MP Server is the same problem

[12:43:53] <&HyperBRBOT> Player Euan-Bazooka joined the game

[12:44:04] <&HyperBRBOT> Player Euan-Bazooka left the game

[12:44:05] <&HyperBRBOT> Euan-Bazooka was kicked

why?

Have you deleted the ban id give by brenbot?

!banlog <nick>

!delban <id>
