#### 4. CRC Mismatch Error

This error message means that game.exe (353KB) and game2.exe (4.20MB) are the same file.  
This may happen if you try to install with the installer and the safe installer. You may need to  
reinstall Renegade to replace the now-missing game.exe.

-----  
Try reinstalling in a different directory.

You don't have to reinstall renegade. You just need a working game.exe and game2.exe, which can be found in my post here: [http://www.renegadeforums.com/index.php?t=msg&goto=189014&rid=2&srch=zip#msg\\_189014](http://www.renegadeforums.com/index.php?t=msg&goto=189014&rid=2&srch=zip#msg_189014)
