This makes me wonder what the Soviet's answer to tanya is. Might we be seeing Volkov rooming the country side? Maybe with an AI dog?

Nice model.

And I am also curious on how they will make the their work. I am always money hungry so it sounds like something that suits me.

Yeah good model, but i think there is to much forehead or something. Maybe she should have reflective sunglasses.

Awesome model. You know who I think she looks like... Michael J Fox. Not as any insult to the model, just like her face. Still that is one cool model. Looks better then the stuff included with the game.

It's actually quite amazing to see how peoples ability to model, mod and map has increased so much since the release of the Renegade mod tools.

Excellent work.

Great model. Don't mean to sound like I get off to game characters or anything but I remember the actress's rack being a bit bigger?

Anyway, really good model.
