Whenever i shoot a building with the flame tank it crashes anybody know how to fix it?Reset the Dynamic Culling System, that's how I fixed it. However, I recommend you remake the entire refining process on your map.

quote:replace the armor.ini that is in your mod folder, with the one from always.datthanks dante that works now. But it takes out a building in no time. How do i fix that?and what d'you mean
quote:with the one from always.datcause i copied the whole of always.dat lol i think thats wrong.
