I think the nose needs to be more pointy. The tail could be longer, too.

I'm not quite happy at this very moment. My post gets deleted without any mention why and/or who did it. I said ACK was repeating himself, which he clearly is as he posts "you're a retard" on every topic n1warhead makes.

He mightn ot be the best modder on Ren but he does his best and doesn't earn to be flamed. Why was my post deleted? I noticed that previous posts also got deleted. Remember the guy i helped with his firewall problem with Renguard? We found a solution and the day after, all answers were gone.

Goztow, N1warhead made a post after ACK's reply as well.

Crimson Power abuse is always my primary concern and very few people, it seems, can have such power and wield it properly.

Click here for the source.

I am not on the "PeopleVSCrimson" bandwagon, but i think that this post is a pure example of power abuse on the renegade OFFICIAL forums. On the same wave, why is Aircraftkiller's post still standing?

You ran a search on power abuse? Well, whatever. I guess it was appropriate here.

I followed null's "Crimson Throw the towel in" topic very close and it's the first thing that popped into my mind when i saw Goztow's post.

Oh and another thing:

If you saw all the posts from ACK in the Silo for saying "you're a retard" and whatnot, you wouldn't be saying such unfounded lies.

I stand corrected.

By "power abuse" i was referring to the fact, that someone is erasing people's opinions without explanation. And for some interesting reason, in this particular thread, Goztow's and N1warhead's posts were erased, while Aircraftkiller's post was erased after i posted my concerns. Why is that?

As you said, power abuse is an issue.

Quote:...if someone would propose a full solution to "clean up" these forums, I am ALWAYS all ears...

My posts in this thread aren't a full solution, but a note. Aircraftkiller has been spamming the boards and attacking it's members ever since Westwood passed the community on you. How come no action is taken against that? I am sure that if i (or any other member in that matter) start doing the same, I'll get banned in less than a day.

Don't get me wrong, i have nothing personal against you, nor am i supporting null's idea to leave from a few weeks ago. Ever since that discussion on the Webbies forum about the Renegade Community happened, you became a greatly respected person in my eyes.

I've been around the C&C Community for some time, I've seen people come and go, i used to be a moderator at a few (now dead unfortunately) community sites back in the RA2 days. If you need a helping hand with moderation, i am willing to commit most of my free time to the Renegade Community.

If i am not trusted, just say what can i do to earn your trust.

I just reviewed all the recent posts in the Silo and there is nothing useful in there. All of the non-ACK messages in there are replies to his crap, not contributions to the discussions. (I know this because there was no indication of the subject at hand for me to bring the post back.

YSLMuffins is doing her job and doing it well. Also, I have never banned someone who's a regular unless they were attacking BHS or the forums.

Is that a cinematic of Skynet's nuclear attack?

And can you get that from a different angle?

Goztow & Mad IvanQuotes

Well, I've been a little busy past few days (Fourth of July, and extended because they were rained out). That being said I don't know what's been going on with any alleged "power abuse."

I usually remove posts that will no doubt derail the thread, including reponses to said derails. I never mean to offend but I think that it would be pretty obvious why I'd remove certain posts. EDIT: And I did remove the first "retard" post and all the posts responding to it. There's no reason for those replies to stay unless they say something else, and in the latter case I edit those replies for continuity.

And I'll make an exception for this thread becuse of Mad Ivan's concerns and won't move the posts concerning the above (to Hot Issues, because it isn't really one), but Mad Ivan you should take your questions to PMs.

Mufins, I now understand that you just forgot to take ACK's post out and that in no way it was on purpose. However, it would be nice to post a little reply in a topic that says "cleaned this out, plz don't insult people" or "moved the unrelated info to the silo" so people know what happened why .

I got quite a lot of experience with this kind of stuff, being administrator of an active clan forum and can say that people (especially myself) are happy that spam/unrelated stuff gets moved/deleted as long as they are informed as to what happened and why.

Such posts normally would further derail the topic. Theoretically if you respond to an off-topic post you shouldn't be all that surprised when it disappears along with the post you replied to.

I was only surprised because ACK's worthless post was still here. I thought that was obvious now
