Hello, im new in this forum but, i was using lvl edt and i am making a remake level of Volcano.mix. Everytime i seem to try and mod the Cieling guns it does not work after i mod them, and i also cannot use normal ones either? Can someone help me solve this problem?

Thank You

Problem : Cieling Guns dont work for nod/gdi

First you must make the cieling gun- then you double click on the object in the map, NOT the one on the presets tree, and go to scripts and add the script.
