I remember that one. Another good one was when they lost access to the computer, and had to go to Quark because he always had some hacked codes, and he had higher level access than Odo lol.

lol, i have that episode on my harddrive.

as a matter of fact, i have all of the episodes on my hard drive, except for season 2.

i really should burn them off, they take up quite a fair bit of my 900+GB hard drive space.
