Kinda pointless.... I had the standard windows 95 background ever since i bought my PC (late 90's).

Now i finally replaced it with a background composed of over 50 screenshot i have taken in both real life and gaming. Ill try to put it on here once i find a camera

That's my ramen too, I have 366 cups of ramen noodles instant lunch sitting in my front porch that my friend gave to me for my birthday.

I'm going to build myself a little home in my room today out of ramen noodles cups.
