hey dudes and dudeets out there i need some help please i recently downloaded Renguard and it DOSENT WORK!!!! when i try it says there have been some errors it says

Renard has detected corrupt files it then gave me 2 maps to download which i did it then said to unzip them did that but how do i put the files data in the renegade/data dictionary?

appreciate the help if you give some

[edit]: please people i rely need help with this because other people keep pm me in the game when i kill them saying why are you cheating and its anoying me

[edit]: ok im going to try something still post please and ill awnser when its done

[edit]: FOR F SAKE NOW ITS TOTALY GONE I KNEW RENGUARD WOULD DO SOMETHING LIKE THIS TO MY COMP IT DONE IT TO MY LAPTOP ASWELL OMG!!!!!!!!!!!

Okay, open My Computer, double click the drive marked C: or something like that, then double click the folder named "Westwood", double click the folder named "Renegade", and double click the folder named "Data". Put the extracted files in there.
