Why need a website? You are still a "n00b" Clan. That meaning new/fresh. I suggest getting a forum (Which are free) and starting from there. When you get users and more money then you can get your server(s) and site.

NEVER expect to just start a clan and get everything.

If i understand what you saying. Your saying this (Correct me if wrong).

You are saying: Dont get forums, Get off mIRC. Dont use TS. Just play renegade.

Your pretty much chopping off the arm of your members. How can they communicate? Not all of them near next to each other. Without a forum you can post things such as discusions and what not. Without mIRC you cant talk lively, Unless you got IM. Also for hosting a bot for server. Without TS you cant talk live to your members...

These are the most important functions of a clan, Communication.

I said good day sir.

Teamspeak is a must, MSN is a must... forums, IRC, websites and whatnot are just a bonus, a clan really doesn't need them. On the other hand, a clan that doesn't actually play clanwars on some kind of regular basis really isn't a clan at all in my eyes.

Most great clans/communitys have TeamSpeak serves,IRC servers,And Website/Forums. Im only saying that getting these can help your clan grow more. Its like saying what if MP didnt have a website/forum. They would be pretty much done for. As they already are

always used ts, always used msn to tell when they're on. dont gotta sit on my fist in irc. clanwars.cc forums is the only forum any of the good clans use..

No, I'm pretty sure you wouldn't. In fact, I know you wouldn't.

edit: Just to give a little insight. Some of them played over 1000s of clanwars of renegade, while some "clans" on renegade hardly rack up 10. I've probably played over 200 myself. Really the experience of knowing what to do comes from playing so much clanwars. I mean would you know what to buy on field? Etc.

If you think Whiskey's ban is the result of one insult, or due to "anger", you really are missing the point... the difference between you and I is I don't get anywhere near as angry as you do over a computer game, and I certainly don't let it dictate admin decisions. It's usually the last defence of every cheater to say something like that... whatever makes you feel better in your withdrawal, I guess.

I might be an outsider, but for a clan, its true what MaidenTy1 sais. You just need to play Ren and get registered on cw.cc - or w/e the message is lol. But if you dont want just a bunch of Renegade players playing (good) together, if you want a community, not just a clan, a website , TS or Ventrilo, mIRC and Forums are absolutely a must.
