My dad is watching CNN right now, and they are reporting that they do not know if he actually did it. There are far too many unanswered questions. Drugs not in the system, when the guy claimed to have drugged her, relationship to the family so that he could get in without leaving evidence. Taking the time to write the ransom note on the families stationary, etc.

Crimson,

Quote:Basically, there was a psychic who has since died who drew a picture of the man who killed JonBenet.
