Ok, this might sound n00bish... but I got Level Edit, and I made a bot... I clicked "Make" But it didn't actually "make" Did it "make" it in a hidden place that is impossible to find?!?!? If "Make" Doesn't add the unit to the maps, then what does??!?!

Can you tell a Little bit more then only "make"?

I mean is it a spawner?

And if they exist, they are at the 0,0,0 point of the map (this is when you make something and you look nowhere
