I don't remember when I turned Colonol, but I think it was at 700 posts. But when you reach 1000 posts you get to be a 1 Star General. 2000 posts is a 2 Star General, and so on.

But, please. Don't go into a spam frenzy to raise your post count.

I've got commander at 483, so I guess I'll be getting Colonel soon

edit-

"Commander Status - Like the old boards, new users have "Recruit" status and reach "Commander" at 350 posts. Please do not spam to achieve this status, these boards are going to be here indefinitely and it won't be long before everyone well surpasses that mark"

Dude, I never noticed that ranking shit until you brought it up. It really doesn't matter at all and nobody cares about it.

Edit: So don't go posting a bunch of useless spam to bring up your post count and your ranking. I've been on these forums since the day they opened in 2003 (member #8 of 5365) and I'm still a "Recruit."

350 is when you get Commander i think,

Actually you can easily find out by going into members and putting them in order by posts...

I've been here since '03 troll the forum on a daily basis and I am only a 1 star general. 90% of the shit I see is useless spam and is much more suited for a chat program.

if there is a reply you think is unnecessary, just report it. It helps us a lot actually.
