I've managed to write a tutorial on how to make dazzles in RenX, like WS used on Singleplayer structures and maps, with large help of SomeRhino   The tutorial is in .DOC format. Notes are included to get you started. Examples of lights also inside.The tutorial is STEP-BY-STEP with pictures to finish with your questions even before they appear in your head   Download Here - 52kb.If you have any question about this tutorial, please ask it here.Enjoy!
