ATHF is hit or miss, but for the most part they're pretty funny. It's like stupid humor with hidden humor (jokes you'd only get if you were fairly edumakatid).

Even though most of that first episode made me laugh to myself, the only part that made me laugh out loud was when the caveman was batting at the orb. Something about that amused me.

shrug

Gotta love AquaTeen! I appreciated your post, ACK - ignore the others Now to watch the 2nd one...
