So what problems do people have with the clanwars.cc LADDER (we aren't talking about the forums here.)

And what improvements will a new system give?

Why don't YOU use the cw.cc ladder, or why do you?

Remember, we are talking about the ladder, not the players.

This is not the time bring this up. If you want to pursue this, wait until the other shit boils over, sorry.

Just to avoid the inevitable "But when is later?"

Spoony et al. will be allowed back in around 6 days, so wait until after then to see if anything further results from what has occurred.

Give it about 7-10 days. Enough time for them to get back, and start whatever they want. If nothing happens after that time, I'm sure Crimson would be more willing to entertain topics such as this.

But that is just me saying this, so don't treat it as the absolute response. It's more of a guiding thought.
