<http://cncreborn.planetcnc.gamespy.com/>

And [www.apathbeyond.com](http://www.apathbeyond.com) now, I suppose.

But neither have a downloadable TS mod, so either wait until December (hopefully ) or search for an older version (Beware! Crap alert! )

A Path Beyond DOES have a download that is played very often.

And Reborn will hopefully be out soon.

And what's wrong with the old versions? I still have the 03 Reborn and i love it!

no, but if you dont play online you need to play versus yourself, well you could see all models, but there is no SP
