ahhh

Well the SAM site in LE is at

Objects -> Vehicles -> Mounted -> Nod_SAM_Site -> M01_SAM_Site

Or you could use

Objects -> Vehicles -> Mounted -> Nod_SAM_Site -> SAM_Site_Quick_Turn

Whichever one you use you will have to add a defense script to it, probably the best one to use would be JFW_Base_Defense_VTOL_Only

careful with the sam sites, I remember that one of them tended to crash the server now and then on particular events.. I think it was the stealthed one.
