Hi all

I'm helping a close freind getting his CSS clan off the ground, He Currently has a 26player server and has a website teamspeak everything to be honest, he website is very nice, radio and MP3 player, so for those who might be intrested don't hesitate to come over and join us, it's partly my site aswel, well soon to be here is the address
<http://www.fls-clan.co.uk/>
Thanks for your time

/iROwn3r

P.S

I know this is a renegadeforums but i thought some people may play other games aswel. I apologise in advance if it was a bad idea

I wish my Source games would work. :<

(I start them and I get a black screen (it's not caused by drivers, I checked)).
