that's true.

one of the best quotes of the night was when captain jack watched this happen on CCTV:

Tosh: Oh my God

Gwen: He just...

Jack: Came and went

Owen: \*laughs\* Now thats how I liked to go

Not that it was boring, I'd just stayed up somewhat later the night before.  
I can watch it again later in the week though.

I neither live in Britain, nor watch BBC3, but do you watch Brainiac? That's probably my favorite British TV show. Well, TV show on Earth, at that.

Personally, I prefer Mythbusters to Brainiac because the Mythbusters people go to great lengths to make sure everything is scientifically accurate and valid whereas Brainiac seems to be more about being funny than being accurate.

oh top gear is just the best show on the whole of UK TV atm and it is so below the politically correct radar it's undelivable.

On one show clarkson joked that the stig was arrested in another country because they thought he was a muslim because he looked funny, something like that would normally bring out the burning Union jacks and clarkson images with hateful jihadist words scrawled over them, but no, he got away with it no fuss made lol wasn't even mentioned anywhere (2 complaints or something).

I watched it when it was on BBC2. It was pretty entertaining. I was staying at my aunt and uncle's at the time, and had convinced them to put it on the TV by telling them it was "like Doctor Who". After the bit with the orgasm aliens, my aunt decided outloud that it was "nothing like Doctor Who". Oh well.

How many episodes do you think it will take until Russell T. Davies gives us rampant man-on-man bumming?
