so your offering to make a clans website as practice?

I dont really forsee any respectable clan jumping on that offer, sorry about your luck.

Wow, exactly the thing I expect from gayspy n00bies...

1)pirate, i remember you joined our server, and !n00b'd a guy for rec'ing for stealing 2 tanks, ROFL, what you didn't know was he was an admin, so you !n00b'd him for "mod abuse", ROFL, GG And then you eventually left with a k/d of 2/7, and left also because you too where getting RAPED, i got logs if ya wanna see em?

2)whats up with this CW thing? want a CW? go to forums, post a request, I gave 4 reason why not to CW {WG}, all legit, and 1 of the main ones have been proved again. Alot of servers owners had proof {WG}Atomic was cheating in there server, and now with their most recent CW, other clans are saying that not only him, but others chjeat aswell (fi00d3d knows the whole story), and they are back to stealing shitz from people

GG gayspy

GG gayspy

Wow have you been taking English lessons from Lacostey - I fail to see your point about some public server match I joined, bet you had to jerk off all over those logs - how did you hold te whole 2/7 kd ratio inside for so long, I won't be able to show my face here again! Go get the logs, I think I can handle it.

the cw thing is about you trying to act like you are pro and that your clan actually plays them, which is total bs - as proved by you ignoring numerous requests for a match.

I don't use gayspy.

TRPM you lok for any reason to get out of playing clanwar.

Everyone GW tested PASSED.

Hell fl00d3d accused a couple of your guys of cheating, I got the MSN logs if you care to see them.

I would like to see you name 1 clan that you have had a clanwar against and actually won.

Your worried of Atomic cheating?

Cool he wont play.DOnt come on here acting like your bad TRPM.

Your one of the worst players Ive ever seen paying renegade.

Ill play TRPM clan 2 on 1. Hows that for a challenge. Play it just like a regular Clan War.

2 maps play both sides. No donate No crates.

Either accept and play or shut the fuck up.

---

To clarify:

LOL

But seriously, yeah I think there may be someone in TRPM that cheats but I've never found any proof. If I did, they'd be force to leave and branded throughout our community. But that wasn't what the topic was about until trooprm02 starting flaming people again (\*cough\* which I asked you

not to do \*cough\*). We don't need 100 posts about which group of gamers is better. Settle the WOL versus GSA thing in the war we're setting up in the other thread ... and then that team can form a clanwars.cc clan and compete on the clanwars.cc ladder. Other than that - I stand by my original statement.

Peace.

1)xwis has more players than gayspy so ofcourse theres more room for n00bs, but we have a better ratio of good players than gayspy, dont take my word for it, remember what happened in the past, and what will happen in the future

2)If there has been any kind of accusations of any members cheating, ive told you this before, just ask them on the spot test or w/e you want, I dont mind, i know them all well enough. Funny thing the other day, trooprm19 (kimveer) and I were playing in a gayspy only server (had to connect to it thro gayspy) just to own some n00bs, entered it, were were both like 25\1, bar down, after about 10 min, we got banned for "dh" on irc by the admin, ROFL, the server was like german or something which made it all that more funnier.

He said the bar was down... how hard is it to kill basic infantry?

Even if they still have bar/hand+money, there are always at least a few new players whose idea of strategy is move out with a GDI/Nod Soldier (or in the more advanced cases: shotgunner, officer or rocket soldier), see an enemy and stand perfectly still while firing.

Yesterday Stereosquirrel and I went into the TRPM server. WOW, talk about a load of n00bs. Their were 12-14 people in there when we joined. These guys didnt know what a repair gun was, let alone a tank.

Well stereo and I ended up on the same team after a couple maps. Map was complex, some guy was cheating, Killing apcs with 1 shot, killing about 4 people in 2 seconds, right after apc blowed up. Blatently cheating, but he was on the TRPM guys team. So they wouldnt ban or kick the guy.

TRPM very PRO clan.
