There are 2 patches that require me to play the game. When I click on one it says my security settings do not allow me to view the page. How do I fix this?

You are talking about Core Patches, right?

You can disable them in the renguard options or you can manually download them:

[http://www.thekoss2.org/article.php?menu=game\\_info&cat=\[REN\]Installing](http://www.thekoss2.org/article.php?menu=game_info&cat=[REN]Installing)

If you choose to get a real solution to your problem, then plz post a screenshot of the problem so we can understand.
