Lol, I remember hosting him, he was like "I shutdown my PayPal, I will send you \$20 by mail" and that was 5 months ago, still never got it. Like always, don't trust this guy, he was also the one who managed to convince me to rip a CS bot. (well, he ripped it, I hosted it.)

I've seen him do this to at least 2 communities, I've also warned others about him.

He comes in, offers use of his server, then gets himself a decent rank/position in the community and tries to change it. If he fails (which he always has so far) he takes those people who like him (who he gives mod positions to) to another community and starts over.

Which basically happened to me. I was screwed over, 24% of my members went to join his clan. I was ok with it, and continued hosting him, but after a month, (he promised money in 2 days) I shut him down.

DON'T FALL FOR IT!

Oh, look who the fuck's talking. You're not so innocent yourself, Greg. Oh, and you're not 26...

I know, idiot.

I confessed it all somewhere on this forum and to fl00d3d, I am really only 15. I think everyone knows.. Apparently, except for you.

Plus I didn't do anything illegal in the past 2-3 months. I have been 100% clean.

People need to stay the fuck away from you just as much as they do from Dave.

I know you're 15. You put in your profile 1980, so I was just correcting you, dipshit.

I really don't care what you claim to have been. You have a bad history, just like jschultz and Dave.

lol @ the profile BUSTED!

Other than that, he's been "moderate" and "tamed" so I have stopped making fun of him.

And, yea, that dave bastard is just a little kid trying to find something to do between gym class and

lunch break on the schools computers.

seems like these three fools who want to steal money from this community should be the first to check out this new serial ban.

f100d3dOther than that, he's been "moderate" and "tamed" so I have stopped making fun of him. I'll start believing it when he actually puts hard-earned money into the community and does some good.

And have you put in money into the community or did some good? I doubt it. Plus, what have I done to you in the past? All you do is flame me. Also, I just put down random birthdays, like it even matters. Plus, I don't go around wasting my time looking at each and everyone's profile.

Actually, yes. I've helped run Renegade-centered communities. Communities that have since past, like most, but communities that had no corruption in them, as far as I knew. I've put time, effort, and MONEY into them.

I don't go out of my way to flame you. I just thought it ironic that you were making a post against Dave when your history isn't any/much better.
