I'll make it short:

We should have a LAN party sometime, don't you think?

Yes, this means you, TankClash, Jeep\_Rubi and Troop... I can't spell your nickname, but yeah (and whoever else I forgot, I know there are several community members who don't spend time on these boards that live in the region).

(I'm serious)

Not that I care about what you think, but I play (not Renegade (or its mods), either Wii or PC) with my friends on a weekly basis, I just feel like playing a game I enjoy with people I don't really know.

I bet you get all the girls, you're so hot and cool. Please teach me how to get women into my lair (and my pants).

It's all about reputation here, if they make you look like a loser or an idiot or whatever by saying things like that...it makes them look better, they earn respect...not sure why, to me it just makes them look like arseholes

Holy shit. Calm the fuck down, troopr.

We need to do a Skype convo to decide what games we'll play, when it will take place and where (I was hoping in someone's basement or something (I wasn't expecting Troopr to ask a ton of people I don't even know, I wanted this to be a Renegade community thing)).

No, I'm against you bringing people that don't play this game, and it's unlikely that this will work out if we're too many.
