some noob runs in on my good night of me playing ren and accuses me of cheating with bh(im always on rg)and using an rg bypass, i can tell you exactly what hes accusing me for and when it happened. the name was SODiRoNmOnKeY(maybe a little different on the capital letters) and a bit later some person named hardkil pms me saying the same crap that the SOD guy did, saying that i will be banned on the the 29th of this month.

i think this person is full of shit tbh. but i just want to see if hes really this rg network "scout" he says he is...

he also says he fowards his "videos" straight to "chrissey" for analyzing...which kinda misses the whole point of having this forum thread...

you can ask any number of ppl i know ingame and they'll say i dont cheat. i also know Nightma12 and fl00d3d(i mod for their server) and they can back me up also, that i dont cheat.

Hardkil...that's the guy who was the subject of a thread in the HOF. Go there if you want some laughs and to find out exactly how full of it he is.

Maybe we can get him banned for impersonating a person of authority? (Misrepresentation)
