Refill 5 out of 40 times? Now that leaves a "WTF" sign in my head.

This could either be

- You meant to refill 40 times (like, you do it every game), but only did 5 times and it's a big achievement
- Your Renegade supports only 40 refills, and you were lucky you only needed 5 refills

Or you mean reload when you say refill

- Same like above except "reload" instead of "refill"
- You got so many kills with just 5 reloads with ramjet, that probably means you have hax on.
- Your ramjet supports only 40 refills, and you used only 5 refills, but you still hax tbh.

Now tell me, which one?

Dying 80 times is not very good, but if it's the best one you've had personally, then grats, don't see why we should have to see it though. There's plenty of people who have made more kills with 0 deaths

Yea, what I was thinking TD looks like hax to me - I played ren for 15 years and I never got that many kills ever, don't see how it would be possible to do it.

Nice showing us all how you hax man - I bet you just went round one shot killing all those infantry with that ramjet.

You only played 15 years? You are too noobie to understand that ramjet one shot kill is not a hack, its skill, you just need to hit any place on the body except head. I've been playing for 16 years nobby. I used to prang n00bz in the GDI Power Planets on the renegade internets. (been pranging on teh internets for 4 months now, i used to prang botz in singel player power planets)

I had more mvps than you could imagine, one time it was 1v1, the guy i was pranging was in teh AGT in field, i had stank, it was 5 minnutes in game and he still have soldier and standing @ pt, LOL NUB, so i give him hs from 20 meter, he died, he spawn back in agt, guess what happened, another hs from 20 meter.

He never came out of buildings the whole game, too scurrd zlolz! LOL I had mvp that game, and guezz what most kills (8 kills in 60 minut3s omG), and only had 5 deaths, stupid harvy got me everytime i got out of tank!
