The shotgun/pistol is pretty effective if you're good with both of them.

Well obvisouly the shotty is useless at far range, But I was sure surprised how deadly it is upclose, and I sure dont have the best shot with it.

Well, Shotty mostly depends on how ur aiming is, i prefer using a shotty with 1st person view, and tent to hug the walls a lot, Bypassing killing

---

Although, ppl also underestimate the power of offy's with there chainguns Me <3 Chaingun compared to most weps ( even over volt )Chaingun + aim for the head = Fast dead for him

/ -= Neon =- \

Shotgun Pwns-

On Field yesterday, i was in tunnels with Sak, the whole team was gettin pwned by this guy with shottie, he wasnt cheating, he just had a good shot with it and wasnt afraid to kill himself to see you die....

Then again, for being free, i wouldnt be either.

Thats my style of gameplay. Someone has to take a few deaths for the team especially if it get the snipers off your back for a few minutes.

Snipers and high kills go hand in hand, but I will sacrifice myself all the time.

0 credits and a kill against 1000 sniper!!! Wait till you hear my shouts of joy on TS
