warranto wrote on Wed, 24 January 2007 13:20 Just so things don't get confusing, can someone go through an list all the challenges made?

They might as well occur in the order that they come.

As many of you know, there have been countless posts, and numerous threads going on between troopr02 on behalf of himself and his clan -- stating that he is pro and that everyone else is a noob, dodger, or cheater.

The purpose of this thread is to consolidate these discussions. Please ONLY post if you are challenging troopr02 (or trpm clan) to a 1v1.

troopr02 will not dodge any of your requests. If he does, it will be officially noted as a dodge.

troopr02: if you don't want to play someone because you think they're a cheater you must provide proof of the person cheating otherwise it will be considered a dodge.

Lets the challenges begin!

lol, that wasn't his point. The point was why would you do that in a 1v1? It restricts your movement and any map you'd vehicle wall jump on would be a map you'd want to be fighting it out head to head in the middle, on.

Anyway, YES I will host and observe any of these matches upon demand. troopr02 knows I don't cheat and that I host quality servers - so there shouldn't be any complaints there.

I would too, but someone else would have to host that game (since I'd be hosting the others).

Btw, he accepted hijackers 1v1 and said "its sunday and I'm waiting for you" (1) hijacker had no warning and had no idea it was going to be today - and I think he knows that - he needs a little more heads up (2) troopr02 isn't even on MSN. Hasn't been all day. Looks like a classic case of 'the dodge'.
