Alright, I've had a few people recently asking me about a rant or something I did in IRC channel #apathbeyond. I HAVE NEVER BEEN IN THAT CHANNEL. I just recently started using IRC (about a week at the time of this message), and the only channel I've been in is #n00bstories. I passworded my nick only a day ago, so it was probably up for grabs before that. I don't know why anyone would want to use my name to rant in a channel I've never been in.

PS: No one has actually told me what was said, merely that it was negative.

PPS: No, I don't care if this is in the wrong sub-forum. If you want to move it, great. If you're not a moderator/administrator, shut up and let them do their job.[/rant]

PPPS: I personally favor NS forums over RenForums, so don't expect me around often.

If you are referring to the conversation in the mentioned channel, I have no idea. No one's told me yet.

If you are referring to my rant in the second post-script, I'm referring to people who join the thread just to say, "WRONG FORUM SIR!!1!ONE!1!".

I guess that is what happened. All I remember from the ordeal is someone ranting on and on and insulting people rather viciously.

I registered, but I'm not allowed to post a topic. Hilarious.

Sometimes you gotta wait a few hours for me to background check you and then approve you. You registered, but weren't approved yet, which isn't too hilarious; it's just standard procedure.

I'm referring to my luck. I've been on this for the past 5 hours and I'm getting nowhere.

EDIT: Fixed. I made a post on their forums and entered their IRC channel with the link.
