News

Ex-Westwood and C&C music guru Frank Klepacki has posted up his February update at his WEBSITE. Included in the update is the announcement of the new game 'Universe at War' he is working on at Petroglyph. I've already posted about that on the DEN.

Of interest to C&C fans will be some very old videos from the Red Alert days (tv spots) from Westwood Studios. Of course, Frank's music is featured. So for your nostalgia fix, check out the links below.

- Red Alert Commercial #1
- Red Alert Commercial #2
- Westwood Studios Bravo Feature 1996
- Westwood Studios Digital Turf Feature 1997

Man I remember seeing these. Joe Kucan has a sword fight with the presenter and pretends to die. We all know who would win if it were real

Also, on the commercials, when it says "C&C Red Alert, the ultimate RTS game for your PC" at the end of the ad; it sounds like Cam Clark A.K.A Liquid Snake from the MGS Series. Uncanny.
