The clan community is too small to have just a sub forum, PAW is Renegade's clan hub, if you need squad forum or TS hosting they're the ones to go to...

None of the "real" clans (the ones that actually play and compete) check these forums,

the only clans that come here are WNx and the likes.... so if you're wondering "WHERE IS EVERYONE!?" go here:

<http://paw.webhop.net>

note they're just a hub

I set up clan games every week, and FOG plays regularly.
I check these forums. Please do not speak for me.

I have never heard of it. I seem to be able to set up regular clan matches well enough, but I guess another resource will be useful.

Still, Jim, don't bash the forums for no reason. Let's try to keep things positive.

By the way, Jim, are you affiliated with a clan? I noticed you do not have a clan tag in your sig. I thought you were with OPS or something. If you are in a clan, and it has a homepage, post it here, and I will challenge you.

LOL I'm sorry I wasn't going to post here, but couldn't resist correcting you.

In the first sentence, it sounds like Yoda is talking.

Did you mean "129 registered users does not make a real forum.."

I have to agree with you Crimson though. Their forum is small and very slow. I also didn't see a lot of clans.

Big fat ditto. PAW is seeming more of a 'has-been' type of situation by my observations.
